Donn,

Steven Mitchell is with TPWD and may be a good contact. 281-574-0107.
Steven.mitchell@tpwd.state.tx.us. He works with Winston.

Winston Denton has been involved historically. (281) 461-4071 x25.
winston.denton@tpwd.state.tx.us

Patricia Radloff patricia.radloff@tpwd.state.tx.us (in Austin) and Andy Sipocz
andrew.sipocz@tpwd.state.tx.us have also been involved, predating the CERCLA designation.

I'll try calling, but in case I am not successful, I wanted to provide some contact information since I won't be with H-GAC much longer.

I am waiting to hear from Hanadi about whether July 17 or 18, 2013, would work for her for a Dioxin/PCB Stakeholder meeting. I think these dates would correspond to the July CAC meeting. If I can schedule it on one of those days, then perhaps the EPA could participate? The stakeholders have asked for updates on the Patrick Bayou site as well as the SJRWP site.

I will be working full time through the end of the month. Starting in April, I will be working limited hours. H-GAC plans to fill my position here. Until then, please contact Todd Running (todd.running@h-gac.com) with any questions.

My new job will be with a the Citizens' Environmental Coalition. We have a weekly e-newsletter that goes out to thousands of subscribers each week, so it is a good way to get the word out to the environmental community, should you wish to do so. After April 1, I can be contacted at rachel@cechouston.org.

Sincerely,

Rachel Powers
